Thanks to those who got in touch with comments and anxieties. There were not many responses so we will sit on this until after the holidays.

Holy Communion from the chalice *The most emotive but the one that saddens me most. To share the host & chalice is the fullness of the Eucharistic sign and I want to bring this back for those who're comfortable. I know some are uncomfortable I totally respect that.*

Shaking hands at the sign of peace. *Seems straightforward? If you don't want this do as we have been doing?*

Holy Communion on the tongue. *For me this is most dangerous. It's acceptable and usual to receive in your hand. Anyone elevating this to matter of conscience, must come at the end of the communion procession to reduce infection risk.*

Vigil & reception of deceased before the Funeral Mass *We average 65+ funerals a year - this may require as many extra services for one priest. Others who've restarted this have much smaller volume of funerals. Receiving the body before Mass works perfectly well, reduces stress & expense. Lay people may be trained to lead this in place of a priest.*
